

Smart control of your heat pump air conditioner from anywhere

Say goodbye to outdated or lost remotes and hello to AirTouch Beam

AirTouch Beam offers smart, WiFi-enabled control of your heat pump air conditioning anytime, anywhere.

With the intuitive AirTouch Beam app, you can manage temperature settings remotely for optimal comfort, energy efficiency, and cost savings — no more outdated or lost remotes!

How AirTouch Beam works

Your Smart Device with
the AirTouch Beam App

AirTouch Beam

Your Heat Pump
Air Conditioning Unit

Works with any heat pump air conditioner. Control any split system, even from different brands, all in one helpful app.

Quick and seamless installation! Simply plug it in, place it, and connect—it's that easy.

Come and go with Geofencing Automatically switches on/off as you come and go, saving energy effortlessly.

Perfect temperature with Comfort Sense. Responds to temperature and humidity changes. Intelligently adapts or automatically turns on/off.

Integrates with AirTouch 5. Seamlessly combine ducted and heat pump air conditioning with AirTouch 5.

Quick on/off button. The AirTouch Beam device also comes with a helpful on/off button.

Designed in Australia by air conditioning experts.

Extra comfort and peace of mind with a **5 Year Warranty.**

Voice control with Apple Home, Hey Google and Alexa.
